## "Petition under 37 CFR 1,137"

Nov. 26, 2003 to Feb. 26, 2004 was the time Period for reply to the communication filed Oct. 31, 2003. I sent a reply two weeks before the time set had expired. I made communication with the examiner Kathryn Odland by telephone on several occasions. She told me that the communication went through other hands before it reached her office. On Feb. 26, 2004 I received a packet with a notebook inside Explaining how to file for a patent. Knowing that was the wrong communication I filed a reply on March 4, 2004 and March 9, 2004. The examiner Kathryn Odland received the Reply on March 4, 2004 and March 9, 2004. She didn't say anything about the ~~response~~ I sent Two weeks earlier. ~~respond~~
